

# WORLD CIVILIZATIONS

## TEST CORRECTIVES

STUDENT'S NAME:

DATE:

PERIOD:

Unit Test Name: \_\_\_\_\_

**Purpose:** The goal of test correctives is to show that you understand why you got an answer incorrect and prove that you know the correct answer. Make sure to provide specific examples and explanations, or you will not receive points for your response. Make sure you fill out each portion asked, or you will not receive credit. Each question you provide the correct answer to (in addition with a complete response) will gain you half credit (thus, you can receive half your points back). You have ONE WEEK after the test has been returned to turn in test correctives. **NOTE: YOU MUST ATTACH YOUR ORIGINAL TEST TO THE TEST CORRECTIVES PAGE FOR CREDIT!**

Circle One:                      Multiple Choice Section                      Matching                      True/False

Question #: \_\_\_\_\_ Your response: \_\_\_\_\_ Correct response: \_\_\_\_\_

Page number in the textbook that gives you the correct response: \_\_\_\_\_

In a complete paragraph, describe the correct answer. This may mean defining the term you may have missed and writing the correct word with its definition; this may mean explaining a quotation more in depth; this may mean describing the historical context of a question; this may mean providing more information about an historical figure; etc. The point of this explanation is that you have to PROVE to me that you know the correct answer and WHY you initially got the question wrong. If I'm not convinced, you will NOT receive any points.
